Maggie Tallerman Understanding Syntax Scientific

Assuming no prior knowledge, Understanding Syntax illustrates the major concepts, categories and terminology associated with the study of cross-linguistic syntax. A theory-neutral and descriptive viewpoint is taken throughout. Starting with an overview of what syntax is, the book moves on to an explanation of word classes (such as noun, verb, adjective) and then to a discussion of sentence ...

Amazon.com: Understanding Syntax (Understanding Language ...

"Understanding Syntax is an essential resource for any student of syntax. Written in a lively, accessible style, Tallerman uses a great range of examples from across the world's languages to introduce the most important concepts in the study of grammar in a clear and comprehensive way.

Amazon.com: Understanding Syntax (Understanding Language ...

Tallerman is a go-to by a lot of Syntax lecturers. It does have good explanations and the presence of a lot of examples from a wide range of languages, but it lacks an editor to cull the amount of words - a lot of superfluous "that" and the content should be better organised.

Understanding Syntax by Maggie Tallerman

Tallerman's Understanding Syntax, now in its third, revised, expanded and improved edition, is a textbook aimed at students with no background in language studies. It is a very accessible, step-by-step introduction to the scientific study of syntax, which not only
